

The connection between Václav Havel Airport Prague and Prague city centre is provided by public transport bus lines which operate at regular few-minute intervals. Bus stops are located directly in front of terminals.

To get to Prague city center, we recommend using public transport. Take the 59 trolleybus line (Terminal 1/Terminal 2 → Veleslavín train station) and change to metro Line A (green). Or you can take the 191 bus line (Terminal 1/Terminal 2 → Petřiny) and change to metro Line A. In the metro line A take the direction „Depo Hostivař“ and get off at the station „Dejvická“. The conference hall is just a few steps from Dejvicka station.

Public transport bus rides and subway are subject to regular Prague Public Transport Fares (including pre-paid passes). Bus rides do not need to be booked in advance. The passengers must buy a ticket before boarding and validate it once they enter the subway station, bus, or tram. Public transport tickets must be purchased before the passenger boards the bus. Tickets are sold in the Visitor Centre, at the Prague Public Transit company counters in Arrival Halls, or from ticket vending machines located throughout both terminals and directly at bus stops. Most ticket machines accept contactless credit card payments. Tickets can also be purchased via SMS (Send a text message to number **90206** with text **DPT31** for 30-minute tickets, or text **DPT42** for 90-minute ticket) or the Lítačka mobile app, which can also be used to search for the ideal public transport connection. The application is available for Android and iOS.

You can also choose some of the taxi services in Prague, or services like Uber, Bolt, or Liftago. It takes approximately 30-40 minutes to ride from the airport to the conference hall (Czech Institute of Informatics, Robotics, and Cybernetics, *Jugoslávských partyzánů 1580/3, Prague 6, Dejvice*)
